

Time: 4:30pm – 5:00pm

Date: 12/05/2019

Location: CNR 205F Attendance:

Austin Grieve

Samantha Baran

Xuyue Gu

Ziqing Zhu

Lauren Smith

Feng Li

Peter Baran

Topics of Discussion

1. Lauren made the board with Michael on campus.
2. Snapshot ppt almost finished
3. Austin helped animal team do some testing yesterday for shock location, testing the sensitivities, find the ears are more sensitivity to shock than the noses

To Do

1. Prepare for tomorrow's snapshot.
2. Do field test this Saturday morning at 9am.
3. Make plan for next semester .
4. Next week we change the meeting time to Wednesday.
5. Have breakfast with animal team next Tuesday at 7am.
6. Continue doing logbook and wiki page during winter break.
